## SUMMARY

Seeking a dynamic role in AI Engineering that applies my skills in data analysis, automation, and workflow design to solve complex problems and support data-driven decisions. Passionate about building scalable systems using generative AI, autonomous agents, and modular tools to drive innovation across AI and data.

## EDUCATION

### Arka Jain University

Bachelor of Computer Applications

Jamshedpur, India

Expected Graduation: June 2026

## WORK EXPERIENCE

### [Accenture](#), India

Packaged app development associate Internship

Kolkata, India

May 2025 - July 2025

- Gained basic understanding of CI/CD and the software development lifecycle.
- Learned fundamentals of Blue Prism for automation and Cohera for generative AI.
- Explored basic features of SAP Build for low-code development.
- Gained hands-on experience with AWS cloud services and infrastructure.
- Learned VPN setup and support workflows under expert guidance.
- Learned ethics and professional code of conduct relevant to information security practices.
- Understand and maintain information security policies, standards, and guidelines based on compliance requirements.

### [EdunetFoundation](#), India

AI and ML associate Internship

Jamshedpur, India

Dec 2024 – Feb 2025

- Built two intelligent web apps with Streamlit for interactive user experiences.

- Developed an AI health assistant using Hugging Face NLP for natural language understanding.

- Created a CSV-driven chatbot using NLP and data analysis for contextual responses.

- Delivered effective solutions using ML, data handling, and user-centric design principles.

## EXTRACURRICULAR ACTIVITIES

Hackathon Participation - Multi-Model Deepfake Detection Project: Participated in a 24-hour hackathon with a team of 4, developing a deep learning-based project to detect deepfakes using multiple models.

## SKILLS & INTERESTS

**Technical Skills:** Frontend Technologies (HTML, CSS, JavaScript) | Backend Technologies (Flask, Django) | AWS Basics | Microsoft (Excel, Power BI) | Streamlit | N8N | Hugging Face | Python | Lang Chain | Lang Graph | Pandas | SQL

**Soft Skills:** Problem Solving, Communication, Team Collaboration, Adaptability, Time Management, Attention to Detail, Strategic Planning

**Interests:** Analytics & Insight, Finance, Product Management, Consulting, Storytelling, Basketball, Traveling

## LANGUAGE

**Hindi:** Native Language

**English:** Fluent
